Re: WC Docket No. 06-74, Support for AT&T BellSouth Merger

Dear Commissioners:

As President of the Central South Carolina Alliance, I am writing to urge approval of the BellSouth / AT&T merger. I know the factors that set communities apart and poise them for economic growth. Some of these factors include infrastructure, workforce, and increasingly access to broadband internet service. This merger will address one of the most critical needs required of any community seeking to grow its economy and create new jobs – broadband Internet access.

The Central SC Alliance represents an area of 7,500 square miles with a large portion of the area being rural in nature. The proposed AT&T / BellSouth merger could be the catalyst for dynamic economic change in many of these rural communities. As a proposed condition of the merger, AT&T and BellSouth have committed to deliver *affordable* and *universal* access to broadband, including:

- ☑ A new residential broadband offering set at \$10 per month, affording many rural communities a viable alternative to dial access;
- ☑ A pledge to provide broadband Internet access to *all* residential living units in the AT&T / BellSouth service area, providing economic developers a necessary tool to recruit new economic development prospects to our rural communities.

The merger of these companies promises to significantly enhance the economic prospects of the communities we serve. I ask you to approve the AT&T / BellSouth merger without further delay.

Sincerely,

Mike Briggs
